Blessing to our friends and partners in the ministry:

We appreciate your support and prayer in our tour to complete the great commission God gave us. It has been a challenge yet we are not alone. We have the great I am with us, plus you. It is great to see how many new people we have in each service, but it is sad to see how many people have left, probably not back to world, but just to another ministry. Just to see new families with a hunger they have to serve the great I Am makes our heart rejoice.

In our congregation, there is a 9 year old little girl who had a dream for one whole week, every day, she dreamt of people in church, but their hearts were so far from Him. She said that once the people got back home, some of them started to fight with one another. Then she said that Jesus took her to another place; a red lake filled with people who were burning. They stretched out their hands and asked her to help them and promised to be her friend forever. She tried to help them but couldn't. Then someone came and tried to push her into the lake of fire, but she never touch the lake. She was protected. Then she turned to Jesus and told Him, "I don't want to be here anymore. I don't want to be here."

Next He took her to a big house that had a huge table with tons of chairs, and there were many little rocks -all with different names on them. Jesus told her, "I don't want you to ever leave me, but go to the nations and tell them what I have told you." The little girl said she tried to see Jesus and the angels, but she couldn't. Not even Satan. "I could only touch His hand. Jesus told me not to look up to see Him." The next day she had the same dream... "and the only thing that I can hear is 'Tell them. Tell them that they are not alone. I love them...'

We are in the last days and we have to let people know **THEY ARE NOT ALONE!** They need to listen to God's Word. The deceitful spirit will try to separate them from the true Word of God. "Now the Spirit explicitly says that in the last times some will turn away from the faith by paying attention to deceitful spirits and demonic instructions through the hypocrisy of liars with branded consciences." -1 Tim 4:1

As we approach the end times, we sense the coldness of many of us towards the preaching of the Word, and the luke warmness of true spiritual holiness, the ministries, the different anointing's and moves of the Holy Spirit in our midst. Are we missing it and concentrating on us? Do we hear what the Spirit is saying to us, His church? Are we hearing the alarm, the sound of the wake up call to the church? Are we willing to give our all for Him and His cause? Are we hearing His heart beat and seeing His desire for these times? We want to fulfill the calling God placed in our heart, and want you to know we truly appreciate what you do to make it easier and faster for us to do His Will here. Since God sent Jesus as a missionary to earth, God the Sender and Jesus the Goer. "Some go, others send, and together we fulfill the great commission" Thank you partners and family may you prosper in all you do.

HELLO DEAR FAMILY, FRIENDS, AND PARTNERS!

MAY OUR GOD GIVE YOU PEACE, JOY AND MORE OF HIS LOVE TO ENDURE IN YOUR WALK WITH THE LORD. WE SEND YOU GREETINGS AND MUCH LOVE FROM TEPIC.

TRAIN

The news of the family who is giving out food at the train station in Tepic is traveling around the near cities. They have hope that they will be fed in Tepic, and in their words "good food."

We go out every Saturday and give them lunch, and on April 30th we gave out a bunch of toys. At one point Reyes walked up to a new group of people who had guns and knives for self protection. When ee walked up to them they pulled out their knives, and my daughters asked "Mom, why do they have knives?" I told her they want to cut the sandwiches in half, and I gave her a little smile. The truth was the travelers were scared, but when they saw the food, they put down their knives and guns and gave thanks.

CHURCH

Our church has being growing slowly, yet it is hard ground. We are having new people from different states, like ladies who come to visit their relatives in jail. They are getting saved, praying for their loved ones, and taking the message of God's love. And we are part of that movement! We are disciplining them, and giving them an opportunity to make changes in their lives.

PASTORS - CITY

We are still working with the pastor in the city, but it has been a great challenge to fight against the strongholds there. The city has a lot of division and there seems to be a protagonist in every event or place they go. So we have been making a great effort to build deep relationship, founded in trust, truth and love. We now have great friends, and we have won many battles. Yes, we still have a long way to go. There is a strong group of pastors who are totally working- not independently- but working collectively, with the respect of other pastors along with the love and trust from others.

FAMILY

As a family we are learning how to trust in God and stretch our faith. It is better to give than to receive. We see the kids getting excited to give what they have, and they come home with a grateful heart. We receive this word from God at the beginning of the year, "This year is a year of joy and of laughter." So the joy of the Lord is our strength! We took on the challenges of traveling (Shalom and the kids are traveling to California to see their family whom they have not been able to do because of money issues). Also, this year we are taking a step of faith and for the months of November and December Reyes will be traveling to Honduras to preach. Please keep us in prayer for provision!

Please keep us in your prayers concerning safety, and strategies for the church and business. if you would like to be part of our ministry, you can send your support to Globe International; addressed to Shalom And Reyes Aviles.
