

The King's Harvest
 MAKING DISCIPLES BY
 GOING | BAPTIZING | & TEACHING THE FAITHFUL

Dear friends & family,

March 2019

Last Sunday after church I stood hugging my friend. I thanked her for being brave to have invited two unsaved girls to an event we were a part of the day before. She replied, "They have said they want to learn more about how God changed me and I figured this was a good way to get them started." My friend is the most likely choice of person to disciple these girls. Through training her and other leaders we can help people like my friend succeed.

What an incredible amazing start for March. We were excited to host Phil & Jami Covone in our home as they led us and about 12 people from our Spanish church in how to become a Disciple Making Movement. One of the first things we learned that really hit home with us was...Am I a Disciple worth reproducing?

Many of the foundational believers in our Spanish church said, "No, but we want to be." We continued the class with so much anticipation to see what the Lord will do through these people here. Tynan and I will also be encouraging and leading this group under

Phil's guidance. It's like a row of ducklings. All we must be is just one step in front of the other.

Thank you so much for being a part of The King's Harvest here in Mexico. We are seeing many open doors through the giving of water filters from Filters of Hope. Our heart is to see these communities changed by having clean water and access to the Living Water. To see that saving society and saving souls would be twin heartbeats of our mission work here through community development and disciple making movements among unreached areas.

We will begin making visits to Village C this week as we seek to gauge the receptiveness of this area for the Gospel. Through your partnership we are able to make an impact and have the teaching materials to train more leaders.

- The Barnes Family
