

# JOSH & DIANA BRITNELL

October - November 2019

For the past six years, most of our travelling has been international, either within Latin America, or to visit Pensacola, so when we felt God was calling us back to the U.S., I knew that I wanted to take the kids on a trip up North to see some of the sights they'd never seen. Last month we got to do that. We visited national parks, historic landmarks, and even Amish country. We stayed with some of my family, some of Diana's family, and even a dear family who adopted one of the children from the home in Nicaragua. They have kept in touch and have become dear friends. We made a big loop, sleeping in the states of Tennessee, Indiana, Ontario, Pennsylvania, and North Carolina. Nearly two weeks of travel made for a long trip, but the kids and the van did great. We even crossed into Canada for a day and saw Niagara Falls. We'd seen some pretty amazing waterfalls in Chiapas, but this one surpassed them all.

After 2900 miles in the van, these kids said they'd rather fly

We are now about halfway through our time of sabbatical. We haven't rested as much as I thought we would. Magnolia Builders has been gracious to let me come back to work with them part-time, and that's been a blessing not only for our finances, but for Diana not to have to put up with me around the house. Next month we'll move into the home in Pensacola that we built nine years ago and have been renting out for the past six. We've been blessed to be able to stay in the "missionary retreat" that Liberty Church has, but we're excited to move back home.

Niagara Falls was a highlight of the trip

We've enjoyed getting to spend time with family

The entire family loves going to the beach

Please pray with us about a couple of opportunities that we have in the coming year. We believe that God called us to the U.S. for a reason, and we are spending this time seeking Him to find out what those might be. We're praying about a trip to Las Vegas in January as well as a trip back to Mexico sometime next year. We know that God wants to continue to use us to build His Kingdom, and we want to be ready and obedient vessels that He can use.

Thank you so much to each of you who has prayed fervently and given sacrificially. You truly are a part of this ministry.

Serving Jesus,

Josh, Diana, Clara, Joel, Micah & Benjamin
