On the way to Thailand, we stopped in California, which some of you know is my home state. Visiting my home area always brings back many fond memories with special people I have known since early childhood. I enjoy catching up with as many as we can.

The first week we ministered at Roseville City Church, which is the church my parents, James and Janie Wells, started in the early sixties. What joy to see the Pastor and new families who are faithfully serving God together. Our long time friends went with us and told the congregation of some of the history of the church. One member, who is now an elder, has been there for 50 years!

The next week we were back in our “second language” as we sang in Thai and our messages and prayers were in both languages. It was good preparation for returning to Thailand.

Good friends, Dean and Jane West, started the church. He was mentored by my Dad and after we left California, he eventually went into full time ministry. After several years, God led him to begin reaching out to some Thai and Laotian people in Sacramento. Now there is a growing church impacting a diverse range of cultures pastored by a Thai couple!

**In Thailand**, good progress has been made! God is continuing to add to the movement those who are being saved. In our discipleship program to help people begin following Jesus, the tenth step is to help others know and follow Jesus also. Thus repeating the other ten steps with some one else. As they obey, the gospel is spread to other villages.

Mrs. Som, Mr. Aer and Mrs. Sai are now going out to pray for the sick and share the gospel with new people. This brings us great joy to see them step out in faith. In this photo, they are praying for a young man to be healed who has been having seizures. Please pray for this new team as they go out together.

We are trusting the Lord that we will be able to branch out into still new territory in the coming months! We are believing God for many new souls to come into the Kingdom.

*Thank you for joining hands and hearts with us! Your support makes it all possible.. We love you! Bill and Julie*
