

OPERATION: LOST SHEEP

1812

Leaving the 99 to go after the ONE.

MISSIONS CONFERENCE

The Pensacola area Missions conference was April 26th-May 5th in Pensacola, FL. This is an annual conference where roughly 100 missionaries from over 70 countries across the world come together in Pensacola to build relationships with each other and be encouraged by one another's stories and journeys. The conference consisted of many different events. In addition to Globe's Expo and our business meetings, several local churches had wonderful activities planned for all the missionaries. Hayley and I visited five different churches throughout Pensacola and were able to build some great relationships with their leadership teams. We are so grateful to Globe and their incredible staff for all of their support in equipping and sending us out.

Bob Hill, missionary in Scotland

Josh Britnell, missionary in Mexico

A NEW SEASON

2019 has felt like the Lord has had us in a holding period. Due to Hayley's seizures starting in September 2018, we have not taken any ministry trips this year. Since her supernatural healing back in February, we have been focusing more locally because she still could not drive for six more months after her last seizure. Well, as of August 2nd, Hayley will be cleared to drive again! Hallelujah!! While in the midst of our waiting period, the Lord spoke to both of us separately that He was transitioning us from Family Harvest Central (where I have attended the past 6 1/2 years) to Freedom Church in Pensacola. We recently made that transition official on July 1st. In addition, we have been praying about having a promotional video made for our ministry. We felt like this would be a powerful way to showcase the heart and calling behind Operation: Lost Sheep to pastors and leaders. We believe this was an investment worth making. We went through Globe and worked with WHBR Christian Television of Pensacola and are ecstatic with the results. You can view the video on our Facebook page at @operationlostsheep.

On set after our video shoot

Recently, in the middle of a worship service, I felt a prompting in my spirit and heard the word "THRUST" over and over again. Then I saw a vision of Hayley & I in a roller coaster cart coming slowly out of a tunnel. Suddenly, we were thrust into the open sun and took off! I believe the Lord was telling us that even though this year has had obstacles which have felt like hinderances, God's timing is perfect and the time is NOW!! With that said, we are planning our first ministry trip of the year to Michigan from September 20th-30th. We have already lined up one church and will be sharing more details in the near future.

Resources have been another difficulty this year. Many of you have helped get us started since we launched, and we are forever grateful to you for that. Now we are looking for the big push. We know that God uses His people to advance the Kingdom, and we want YOU to be a part of it all. Would you give us a hand with the mission? As you can imagine the budget to run a ministry full time is not small, and we have more to accomplish than ever before. Should the Lord lead you to join us in reaching the prodigal sons and daughters here in America, please consider a reoccurring, monthly gift to complete the vision and help us answer the GO!

In His Love,
Jon & Hayley

PARTNERSHIP WITH YOUTH-REACH

I am thrilled to announce that the initial group of residents from Youth-Reach Gulf Coast who went through our condensed version of the restoration plan have completed the course prior to their graduation from the program. The main material we are using is a book called "The Resolution for Men". This book not only prepares them to one day be Godly husbands, fathers, and men of character, but it also exposes the root of much of their pain and unhealthy patterns so that they can receive healing in those areas. One resident (Kelton) said, "this has been the most impactful book in my life, other than the Bible." I am now taking a new group of guys through the book, this time consisting of five residents. I have switched my ministry day from Wednesday to Thursday every week to give me more time with the guys at YRGC, while also still allowing me the morning to meet with local pastors/leaders. Our partnership with YRGC continues to be a blessing as we get to witness God doing a mighty work in these young men by transforming their lives right before our very eyes.

With Rian and Kelton

David Williams, Director of YRGC
