CALLED TO THAILAND

STUBENRAUCH FAMILY

As you might have noticed, some things have changed around here! From this month onward, we will be sending out our newsletters and receiving support via **Globe International**. This is a transition that we are excited about! It's come through lots of prayer and counsel, and is something we believe will be life-giving to our family and the people we serve. We're inviting you; our prayer warriors, our fellow Great-Commission-gripped brothers and sisters, our rope holders, our sacrificial givers, our longing-for-His-appearing and Heavenward-looking, fellow Children of the Good King, to come along with us! Check out our new bio page on Globe International's website, if you like. <http://globeintl.org/members/stubenrauch-brian-mary-beth>

Remember the **scorching temperatures and insane pollution?** We are happy to report that the pollution is at a more manageable level! Its not great, but much more comfortable than it was before. Migraine headaches, coughs, and aches have been the main troubles our family has endured from the pollution and Brian is now on medica-

tion for bronchitis. We are hoping and praying that the worst of it is over. We are very much looking forward to our time away at a missionary guest house near the beach in June to clear our lungs and our minds.

The heat and pollution haven't stopped the Good News of His mercy and grace from being poured out on the people in Thailand.

CONTINUE ON BACK

Brian has continued his most recent training, **finding Jesus through the whole of scripture**, with the band of faithful disciples. They, in turn, take their new stories and understanding of the Word to the many house church groups that they disciple. Since meeting Jesus, every single story they hear has been completely new to them. Can you imagine growing up without ever once hearing about Jesus, Noah, Moses, Esther or King David? **One story they never forget is the widow's mite. They all relate to this story because sometimes, through the village loudspeaker, the leaders announce how much was given to the local Buddhist temple by household.** If your neighbors gave a lot and you gave a little it is so completely **shameful** for you.

We may be coming your way sooner rather than later! Part of our transition to Globe International involves completing a two-week training and spending time getting to know the leadership at their facilities in Pensacola, Florida. This means that we need to make a trip back to the States. This trip will probably be a little shorter than our previous trips. This coming September is actually pretty good timing for a 17- year-old daughter who needs to look at colleges while we're there and for doting grandparents who always miss their grandchildren terribly. This means that we need to begin raising funds for plane tickets now. If any of you would like to give toward our September trip that would be wonderful! We hope to visit as many of you as we can.

Thank you all for your faithfulness. You are a blessing to our lives and to the people of Thailand. **You are heroes, propelling the Good News forward, through all of your constant prayer for the nations, words of encouragement, and financial giving.**

Together in this GREAT Commission,

Brian, Mary Beth, Asia, Mercy, Micah, Tyndale, Creed and David Jesse

P.S. If any of you would like to **only** receive this newsletter by email, please let us know. You will no longer receive the remit envelopes if you decide to receive this digitally, however, there will be a link in the email newsletter that will enable you to give financially online. Let us know at thaistuben@gmail.com. Thanks!

A very exciting art project with Davy.
