

# Judy Ubico-Hernandez

August 2020

Blessings to all my dear friends and fellow laborers. Those who send and those who go. It takes the two, as a team, in order to get the Word out to the lost.

**Education is the way of changing the mind, but Christian education is the way of changing minds and hearts.** This is what we as Christian Educators have set out to do as our labor of love. Offering a new form of learning to change minds, and at the same time sharing Christ to these young minds to change their hearts. It's a win-win. Children who are blessed to attend a Christian school have a great opportunity in life, so fortunate that their parents chose a Christian education for them.

At this time of the year, I usually share about our Christmas activity. I am uncertain what December will be looking like this year but I want to ask you to remember us in your prayers. If possible we will have a Christmas celebration for our young ones, so your donations will be used for this purpose. Now if we are still in this situation of Corona and not able to have a real gathering we will see how better we can use these funds for the families of our school children. So I ask you to pray and ask the Lord just what He would like you to do to bless our kids at AyO Christian school.

We here in Guatemala are going thru very difficult times just like the rest of the world. I have been hard-pressed to continue paying our staff of

Me with my son Josue Francisco when we shared the Christmas blankets to the children with special needs.

Me and Roberta Rovenstine at her 55 year wedding anniversary celebration in Mexico. She is the dear soul who told me about Jesus and led me to Christ 50 years ago.

wonderful teachers who are trying to maintain our system of education to our children online. A huge task I must admit, much harder than giving classes normally in the classrooms. So its an extra workload for the staff, but we are carrying on. The parents are having trouble paying tuition because many are out of work themselves so to keep up with school and studies and stress of everyday life in quarantine is very hard. God is faithful and I have been able to keep up with salaries so far. I do ask for your prayers my friends during this time of affliction. What the devil meant for destruction God will use for blessings. This I believe.

Please know that we are praying for you and yours and I ask you to remember us in your prayer time.

Blessings to you all my dears.
