Mrs. Lum, a faithful believer in our fellowship, reached out to Mrs. Dow who was very ill. Her liver was hardened and her stomach protruded as if she was about 8 months pregnant. She was going to the doctor frequently to remove the fluids from her stomach, but the swelling always came back. She was unable to work to support herself in this condition and she felt quite hopeless. Mrs. Lum and Mrs. Ban visited her and began praying for her. After a while, she opened her heart and received the Lord. Within a few days the swelling

went down, her strength has returned and she is able to begin supporting herself. Praise the Lord for his merciful kindness to heal and save!

Mr. Joy came to the Lord because he could not find peace. He was angry and bitter with a relative who had borrowed a large sum of money from him 4 years prior and had not paid his debt nor even mentioned why he hadn't repaid him. Mr. Joy was bitter over this and couldn't sleep because he was so upset. One day Mr. Don, a new believer, shared that Jesus could help him find peace. After hearing the gospel, Joy received Jesus and was able to let go of the bitterness over the money. The relative has yet to pay him back but he is at peace. We recently met with him in his field to encourage him in his faith. His adult daughter came and listened to the gospel while we were there. She opened her heart and was baptized.

Mrs. Som had been a believer for many years but was not a part of our fellowship. She began having demonic dreams at night and was very frightened. Some of her relatives began pressuring her to go to the spiritualist to get the demon to stop bothering her. After a while she agreed to go. The spiritualist said in order for him to help her, she would have to stop being a follower of Jesus. She agreed to turn her back on the Lord. Afterwards, the dreams stopped but Som felt miserable. Her little restaurant was doing very poorly so she asked one of our believers if she could use her building. Mrs. Lum agreed but began praying for her and sharing God's love with her. One day, Som confessed she felt so bad about what she had done and wanted to come back to the Lord. We prayed a repentance prayer with her and she wept as the Lord touched her heart. Since then, her food stall is doing great business and she is trusting in the Lord again. Please pray for her and others who have similar situations. If bad things start happening to Christians their friends and relatives often pressure them to go back to the old ways. Pray that they will have grace to be faithful no matter what happens!

Thank you for your prayers and support! We love you! Bill & Julie Hughes
