

Judy Ubico-Hernandez

September 2020

Blessings to you all dear friends and co-workers in our outreach to the children of the mountains of Guatemala. God is good and He is faithful always. Praise His holy name.

As we enter into September we are able to see the light at the end of the tunnel. This school year 2020 is nearing the end. October 15th we will finish with final exams and termination of what has been a very new phase of keeping up with the education of 1050 children

classes online. Both for our teachers, parents, and needless to say the children this has been a whole new experiment in education. As I've heard so many times during this pandemic, "this is the new normal", which I still can not quite accept. Though time will tell as it always does. We had the third block of exams the second week of August and were able to see the response from parents and students. We are so blessed with wonderful parents and students, and our dedicated staff of teachers, directors, and office people. It truly takes a team of devoted people to carry out this task of education for our children during these strange different days, weeks, and months. I know we are all living through it, praying for each other is so very important during these uncertainties that have become our daily life.

God is faithful and this is what I claim every day when I wake, as I am sure most of you are doing the same. He has this under control and all we have to do is believe in Him. We are protected under His sheltering wings. I pray for all of you my dear friends, your families, your jobs, your health, your businesses, and your finances. He is our provider. All good things come from our Lord. Remember us here at Alfa y Omega Christian School in your prayers, several families have been affected by this terrible virus and have lost loved ones.

Blessings to you all.

Yours in Christ,

Judy Hernandez
