

## J. ROBERT BISHOP GLOBAL LAUNCH CENTER FINAL PHASE

By Doug Gehman

The J. Robert Bishop Global Launch Center is now in the final phase of our capital campaign. We've had some twists and turns, but are approaching the finish line! We have raised close to \$250,000 and need \$250,000 more to complete the project!

Please help "Fill the Map!" with gold or silver "Nations" and "Peoples" plates! Sponsor a plaque in the Global Launch Atrium. Lay a paver in the ground!

Why do we honor every donor? Why do we put your name on a plaque, or a plate, or a paver? I know you don't give to be recognized. You give because you believe in the Great Commission. So, why do we recognize you? Because I want every new missionary – every person who will stay at this facility during their training and Orientation at Globe – to understand that many people have made it possible for them to go. I want them to see, on every wall of this building, the names of people and businesses and churches who have given sacrificially to empower them in their journey of obedience. I want them to understand that they stand on the shoulders of many others who have gone before them in faith.

I humbly ask you to help us finish the GLC! Let your name be an enduring example to a new generation! \_\_\_\_\_

## Globe Mission – Mexico!

In 2015, the vision of creating a mission sending agency, to train and send Mexican Christians to the nations, became a reality. Globe Mission Mexico will be based in Tuxtla, Chiapas, Mexico. The formation team, led by Greg and Ana Nemer, Jamie and Desiree Carr, and Jorge and Rosa Gutierrez, includes national church leaders and administrative staff. Globe Network leaders Brad Thurston and Doug Gehman are coaching the team. In January we conducted our first mobilization conference. Over 200 people attended! In November we held the first training and

Orientation for eight candidates. Further training will continue in 2016 with the Kairos Course, an affiliate of Perspectives. "Mision Global Mexico" is in its embryonic stages, but the foundations are laid. Please pray for this emerging vision!

## Johnny & Ivonne Cruz - HONDURAS

For two decades Johnny and Ivonne Cruz have served hundreds of churches and thousands of students in almost every nation of Latin America with the INSTE Bible Training program. Johnny has traveled widely – by air and land – promoting and managing this crucial education curriculum. Land transportation has been grueling at best because the Cruz family has never owned an adequate vehicle. In 2015 God provided them with a new Hyundai SUV!

## Judy Hernandez – GUATEMALA

Since the 1980s Judy Ubico Hernandez has been quietly building a school (K-12) in the mountains of Guatemala. Today the school serves over 800 students. In 2015, through some generous donations, Judy added dental care to the ministry. The new clinic will serve the children, their families and the entire community.

## Cheri Thompson – KENYA

Cheri Thompson and The Challenge Farm provide full-time care (*housing, food, education, and everything else in a big family environment*) to nearly 200 orphaned “street children” on the outskirts of Kitale, Kenya. In 2015 God provided so that Cheri could complete the boys and girls dormitory renovations, a new kitchen, and several other building projects.

## Bob & Melissa Hill – SCOTLAND

2015 marked a landmark year for The Overtoun House. After ten years of arduous renovation work, Overtoun House and The Grace Wing received the official approvals from authorities for occupancy. The Hills are now finalizing arrangements with partner ministries and raising funds for operations: care for the residents, staff salaries, and normal administrative costs. Please pray for this important ministry!
