

# The Randalls

## Managua, Nicaragua

¡Hola de Florida y Nicaragua!

September 2020

Praising God for 42 years together!

### Grateful Hearts!

Elijah's Pantry team, Sarah and fellow missionary, Christina White, arrived at Jerry's home loaded down with food staples – rice, beans, corn flour, oil and milk. The family came from the back yard to greet them, and by the looks of things, clearly, they had been working on a project. Each had some sort of tool and were covered with dirt. Eagerly, they invited the team to "Come and see!" What was their all-consuming project? A new outhouse! The old one was no longer useable as the hole was completely full so they were in the process of digging a new one and simply moving the concrete slab to the new location. When Sarah learned they needed \$40 to have someone dig it out, she gladly handed over the two \$20 bills in her wallet! Jerry has made wonderful progress towards regaining mobility after a motorcycle accident partially paralyzed him several years ago. This family lives a very hard life yet has **such gratitude**. Pray for Emelita, Jerry's mother-in-law, a main caregiver for the family, who has been struggling with her health and is currently recovering from surgery.

A family grateful beyond words for Elijah's Pantry

Many other families are receiving groceries regularly from Elijah's Pantry. God is using this ministry not only to provide for physical needs but also to open the door for sharing the gospel. We visit their homes, spend time fellowshiping and sharing the gospel, and pray with each person. Lives are changed through this ministry! **If you would like to help provide groceries for families in need, mark your gift 'Elijah's Pantry'.**

**School for the Deaf:** Through our work with Idalia, we have learned of so many others like her who are capable of learning yet, because they are deaf, opportunities for learning are rare. Many children are kept at home because they lack communication skills. At the deaf school, you find a community of people who communicate through signs and expression. The staff loves the Lord with all their heart, soul and mind and they teach the students their worth and value in God's sight. It is the most beautiful place I have been! When the students graduate, many choose to go on to college and learn valuable life skills. *Through your gifts, we have been able to help two children attend the School for the Deaf. Pray for Idalia and Sarai to flourish in their sign language and educational classes and to come to a greater understanding of who God is and the gift of salvation which he has given for them.*

A new journey for Leah

### News from Leah:

I am excited to announce a new journey that the Lord has called me to. I have been prayerfully asking the Lord to direct my steps and he has shown me the path clearly. In August, I started school at Mercy in Action College of Midwifery to become a Certified Professional Midwife. Everyday, it is estimated that one thousand girls and women die in childbirth from preventable causes. There is a global shortage of midwives especially in poverty-stricken areas of the world. What a way to minister to women and their families and bring hope, compassion, and the love of Christ to them! I am taking this step of faith, still not quite sure all that the Lord has in store, but ready to obey and go where He calls me to. *Lift Leah in prayer for continued good health and well-being.*

With much love and appreciation,

*Mark, Kevin, Sarah, Leah's Mom*
