

# Hughes News

Over 2 years ago, Mrs. Toy was up to her waist in water, harvesting rice with a friend named Wanna. They had to work together for several days so Toy took the time to share the story of Jesus. They listened to the audio player together as they worked. It had many stories and messages from the Bible. Wanna was struggling with problems in her family and became open to praying to Jesus. So Toy led her to Christ and baptized her. Wanna's life began to improve as she started trusting in the Lord.

Soon afterwards Wanna's husband, Mr. Maew, met Mrs. Laam, another one of our believers, at a village gathering. She took the opportunity to tell him about Jesus, especially his power to heal. Maew said that if Jesus was so powerful, perhaps he would heal him of his acid reflux problem. So Laam prayed for him there and the next time she met him Maew was amazed that the problem had cleared up.

For several months, our team members did not see them until one day at a funeral Toy heard that Maew had been injured and was not recovering. She quickly went to his house. He had cut himself badly with a sickle while cutting grass three months prior to that time. The cut became infected and would not heal. Twice he had to go to the clinic to be operated on. His leg was shriveled and weak. He couldn't do anything but sit at home for all that time. He was feeling hopeless and that he was probably going to die soon. That day Toy shared the gospel with him and encouraged him to believe in Jesus and told him that Jesus would heal him. He took the message to heart and received the Lord. What a change took place in him! Not only did his leg completely recover, but his heart was brought into peace as well. Before this he was hot headed and argumentative, especially with his family. He couldn't speak with his adult son without losing his temper. Now he is able to be calm and considerate because the God of peace rules his heart.

Last Sunday, Maew and Wanna came to one of our gatherings together for the first time and told their story. What a joy it is for us to see God's mercy and kindness displayed in the lives of these lovely people.

*Toy loves sharing the Gospel*

Thank you all once again for making it possible for us to share Jesus with the people of Northeast Thailand. As we celebrate Thanksgiving this month we will be thanking God for you, our dear friend and partner in the Gospel.

Thank you for praying for us and sharing your love and support! We love you!
