

Chossen Generation

chossen(Hebrew - bridegroom)

October 2020

Dear Family and Friends,

There have been many happenings that I would like to share with you guys! With fall being upon us and winter on the horizon, the weather will be getting colder, and not as many outside activities will be able to take place. BUT, there are many inside activities happening at the moment! Here are just a few!

A few months ago we had a really bad rainstorm and this caused a giant leak in the laundry room here at Overtoun. It took out the whole ceiling and took days for us to find the source of the leak. The source was found and that meant that we could start repairing the ceiling of the room along with the flooring.

Since this is a really old house, there are always many surprises along the way when repairing things. This time we found that the pipe that was leaking, had a hole in it and that the end of the pipe was not capped off! How it did not leak before this, I am not sure!?!

There is a gentleman named Phil who volunteers here at Overtoun House. He and I were able to clean up the rubble from the ceiling, insulate, and put new drywall up before the new COVID regulations came out. After that, we were not allowed to work in the same room since we are not of the same household. So, Phil has managed to paint, tile, and refresh the rest of the room on his own! I must say, what a big difference this has made!

About a month ago, Sunday Morning Prayer started back up! Before COVID, we would meet in the church hall from 9:30 - 10:00 and pray for specific things, such as the government, the community, the school system, Kinrick Kids, healing for those who are not well, families, surrounding churches, our church - youth - Sunday school, and more. Since COVID, I am now doing Sunday Morning Prayer via phone calls. For those of us who live here in the house, we meet at the kitchen table and then I phone a few people in the church on several devices and we all have a time of prayer for the things listed above. As the weeks go by, more and more people are wanting to join in. I think this is important because we are staying close as a church family. Staying involved with one another and coming together in prayer for these things has knit our hearts closer together.

Hearing everyone pray for the things that are on their hearts is wonderful. We get to all be a part of seeing God answer our prayers and then rejoice together in celebration for the things He has done and also for the things He will do!

Feel free to join us in prayer for the things that are on our list!!

Two weeks ago, I FINALLY had my Biometrics scan done. I went to Glasgow (30 min. away) for my appointment. There, they reviewed my passport, my application, and they also took my fingerprints and picture. This was the last step for my Residency Application! While I was there, they said that everything looked good and that my application was complete! Now, I just have to wait for them to finalize everything, send a few documents to the agency who has been helping me with this, and get the word that I AM NOW A PERMANENT RESIDENT!!

PRAYER NEED:

- 1) I have been asking God to help me meet my monthly needs. Because of COVID, I know that this has affected everyone financially. Unfortunately, this has also affected my monthly support. If you would like to partner with me in helping meet this need, all prayers and support are greatly cherished and appreciated!
- 2) Please continue praying that God will clear COVID up! Praying that we will soon be able to meet for Church, in-person and that things can move from online connections to in-person connections.

- Jessica Tomlinson
