

Judy Ubico-Hernandez

November 2020

Blessings to you all dear ones. We have finally come to the end of a very irregular school year for us, and well we could say a very irregular year for the world as we once knew it. 2020 a year that everyone will remember as the year of the Corona, the year of change.

We have finished up our classes, had our graduations online, all the paperwork that goes along with final exams and classes online are finished. We all wondered if online school could really be done, it seemed impossible. Remember, we had only started our school year on January 15th and we ended March 13th. God is faithful always. We have a very young group of teachers who are up on all new sources of communication. They were ready to take on the task of online education. Our students had the wonderful opportunity to have at AyO Christian School, a very advanced computer classroom with the most modern equipment donated to us by a family from Dothan, Alabama. So you know dear friends, we were ready, as were our children. Of the 1,050 students, we started 2020 with, I can see that about 90% finished out the year and passed on to the next grade. A huge blessing for those students, their parents, and us as a school. There are no impossibilities for our God.

I want to thank each of you who prayed and sent funds so we could continue supporting our teachers, office staff, and cleaning crew. We did not have to let any person go or miss a payroll. God supplied all our needs according to His riches in Heaven.

Blessing to you dear ones

*Judy Hernandez*
