October 2021

It's hard to believe that we are now in the fourth quarter of 2021! Time just keeps flying by!

September ended and October began with us in Orlando and Ocala, Florida. The Globe Leadership team had a working retreat in Orlando. It was a time of accomplishing a good bit of business – looking back over the year and planning for the future. We also spent a half day just having fun together as we visited Disney Springs to eat, walk and enjoy each other's company. We are blessed to work with a great group of leaders!

After the retreat, Judy and I took advantage of being down that way and visited one of our intern couples who are currently living and ministering in a church plant near Ocala, Florida. They are doing a great work there and learning much. We enjoyed visiting their family which includes five very cute littles, the youngest of whom is just a month old.

We also had the opportunity to visit my brother in Ocala, Florida. He has been sick a lot over the last six months and we had not seen him and his wife in a couple of years.

Here at Globe, things continue to grow and change. Good things are happening. We currently have five couples and one single in the process of becoming Globe missionaries or interns. We are so excited to see growth and to get to interact with these outstanding young people!

Thank you for being such a vital part of this ministry as you pray and financially support us!

Blessings
