

## GLOBAL FISH FINDERS GLOBALLY HIS

“Give thanks to the LORD, call on His name; make known among the nations what He has done, and proclaim that His name is exalted. Sing to the Lord, for He has done glorious things; let this be known in all the world.” Isaiah 12:4-5

**Beloved Friends and Family,**

**November 2021**

November is one of my favorite months of the year! Not only because it means that Christmas is right around the corner, but because it is a time when we especially think of giving thanks as a nation by setting aside a time to gather as family clans and loving friends to celebrate the goodness of our God who loves us with such a tremendous love. We celebrate His provision in our lives that sustains us and prospers the work of our hands. Isn't that marvelous? I think it is. As you prepare to gather, with those you love, to celebrate Thanksgiving, may Father refresh you and renew you in the knowledge of His love for you in all things. As you remember and testify one to another the witness of Father's goodness and sufficiency that has sustained you in this year that has been overshadowed with such great challenges, may your hearts be filled with love and gratitude as you acknowledge, "How Great is our God." May your souls sing forth His praises in loving appreciation and celebration for His goodness and generous provision. Continue to draw near to Him. He is faithful to His promises and He has promised to be with us always. Look for, listen to and enjoy His presence.

Thank you for your prayers for Shirley. Both her jaw and Atlas disc are needing less drastic alignments. This past week, the double whammy adjustments were far less torturous. Keep praying though, please. She has been able to sleep better. Hallelujah!!! December 7 will be her next cataract surgery.

Are you ready for our seemingly crazy news blurb? Very soon we will be moving again, by the grace of God and with His blessing to our "new" home. Our loan has been approved. Please note the address will be 4056 Fieldcrest Dr., North Augusta, SC, 29841. Our phone number remains the same. We are downsizing by about 1/3rd the size of our present townhouse. Why??? Stairs are not an issue currently but there will be no stairs to climb; there is a gas fireplace, which we look forward to cozying up next to as the nights begin to chill down and there will be a 2 car garage, which we have greatly missed having. The Lord has provided a crew of 3 young men, our neighbor and 2 friends, that are willing to come and do some of the initial heavy lifting for us. We will hire professional packers for our furniture. Shirley has once again been packing us out, she's so good at doing that although her pace has definitely slowed down. I have reached a place where 50-pound book boxes seem a lot heavier than they used to and my stamina has lessened. We'll take our time before putting our current home on the market.

We believe with Father's provision, He will once again bring us a buyer. Please pray with us. Our desire is that this lovely home will sell quickly. Please pray with us as we transition.

This news is not a conflict with the news we just shared, just crazier timing added to the transition that was already in process. Recently, we began a relationship with a young man named Demetri who is currently leading a church in New Lexington, OH. This small congregation is currently without a pastor. Most of the believers have remained in fellowship together waiting upon the Lord to provide them with a new pastor. Until that happens Demetri has shouldered the responsibility to lead the congregation with the help of the Holy Spirit and a 6-member leadership team. He is a precious godly young man who is married and has 3 young children. His passionate desire is to see God transform the congregation and grow His Church to be an example to their community and surrounding towns with the evidence of His presence, power and love. God has connected our hearts together. We've been talking and praying together on Skype and Zoom and found kindred spirits of love and respect with one another and with the church's leadership team. Our focus is how we can assist him and the Body with spiritual encouragement and Christ's love. We are truly old enough to be his grandparents and they are responding with love and respect wanting someone with wisdom and experience to speak into their lives. We're only about nine hours from New Lexington and have agreed to come and share with them over a weekend in November to further this growing fellowship and unity in the Spirit. Pray with us as we reach out to them in the love of Jesus that we can somehow encourage their faith and commitment to stand strong together rather than give up and disband. May Father send them a loving pastoral family that will fall in love with this precious body of believers and lead them forward in His purposes and vision for this Body.

News from Hungary is both encouraging and concerning. Encouraging in that we are seeing from the pictures that Gabor provides us weekly that the young people are coming back into fellowship again in growing numbers. Travel is still restricted due to Covid and the State Department has raised the risk back to a level 3. Please pray for Pastor Misi's (meeshee) dear wife Emese (emehshay) and their family. The doctors recently discovered a cancerous lump in one of her breasts. It's a challenging and frightening time for them, and we ask that you join with us in prayer for her and for the medical team. May the peace of Christ rule in her heart and mind and may she receive the care she needs with wisdom and discernment how best to assist in our Father's work of healing in her body.

We love you and thank Father for each of you who have reached out to us in love and responded to the Holy Spirit's prompting that has ministered and encouraged us this past year. May He bless you richly in Christ Jesus and continue to lead you and provide for you as you abide in Him. Happy Thanksgiving.

Blessings,

*Michael and Shirley*
