

**MERRY SUNNY CHRISTMAS!**

# WARM WISHES

from The Czupalas

What a year! We thought 2020 was the toughest year, but we were wrong. But through all the ups and downs, freedoms and restrictions, sickness and health, God is faithful. If we have been reminded of any lesson this year, it is that God is faithful. As we look back at the promise of eternity that was wrapped up in a manger 2000 years ago, we can be assured of

the faithful God that will carry us into 2022.

We are incredibly grateful to all of you, for the notes, care packages, prayers and support that has meant so much to us this year. We are hopeful that we can thank you in person next year! But whether it's in person or not, our thanks is no less heartfelt. And so is our Christmas prayer for you. We pray that you and your family will draw closer to each other and closer to Christ, as you continue to place your faith in Him. Merry Christmas to you all! *Let us hold fast the confession of our hope without wavering, for he who promised is faithful. Hebrews 10:23*
