

HE WILL BE OUR

Peace

MERRY CHRISTMAS *from The Christensens*

They say the 2021 Christmas season might get ruined because of supply chain breakdowns. The only supply we need this Christmas is Jesus Christ. He became flesh and dwelt among us. Christmas presents are only a symbol of the gift of God for us. May we all remember the reality of the season this year.

He came to save us from sin.

Thanks for all your support!
