

# The King's Harvest

GO. BAPTIZE.  
DISCIPLE. MULTIPLY.

Dear friends & family,

Building a disciple making culture within San Luis Potosí has been in our hearts and our prayerful thoughts since the beginning of the year. Making disciples is learning and living the ways of Jesus as believers through relationships, while inviting along with us those who have yet to believe.

We regularly invite disciples and yet-to-be disciples along with us to serve, to eat, to learn, and to collaborate with us. The “together” element includes those who are continuing to follow Jesus, who have just begun to follow Jesus, and who have yet to follow Him —because we never quit learning about Jesus and the Good News of His Kingdom.

This past month, we had the privilege of connecting together with local churches (top left and right photos) and pastors who also have a heart to disciple within the same strategic area. A few of the pastors also accompanied Tynan (bottom left photo) for some evangelistic outreaches within our municipality.

As we planned for more moments, it soon became clear that we needed a bigger space. This past month we submitted a rental contract for such a place within our current neighborhood. The “Big House” (bottom right) as we are calling it fits the bill exactly. With spacious rooms upstairs for hosting overnight guests, ample dining table for 12 and designated training areas we are grateful to expand our horizons as we build a disciple making culture in our region.

**Praise Report:** As we have put into practice some prayer and evangelism tools in our own local area, we have seen good response from local pastors in embracing a disciple making culture.

**Prayer Request:** Pray for the new believers we have met this month, that the seed will have fallen on good ground. Pray for our travel itinerary to come together as we plan to be in the states for a few weeks at the end of May, beginning of June.
