

# NEWS FROM THE HOLDERMANS

Caring for Missionaries Around the Globe | JUNE 2022

**Caring doesn't stop** at the US border. We care for our missionaries when they are in America as well as when they are "on the field", in their ministry country.

Recently, we were able to spend some time with Stuart and Eugenia Li and their daughter, Melody. (Right) They are one of our missionary families serving in Nicaragua. They came to the US for his wife to have an appointment to take a citizenship test. This is not an easy test. I know, because I listened as Becky coached this young woman for weeks, helping her improve her English and grilling her with more than a hundred US civics questions. They credit her success this time to all the effort that Becky put into helping her study.

The other weekend this missionary family planned to speak at a supporting church only 3 and a half hours from our home. We packed a bag and drove to a hotel for Saturday night so that we could arrive at the church on time to hear Stuart preach on Sunday morning. After the service, we had some time to fellowship with church members. Then we spent the afternoon with the missionary family, listening and sharing and just being friends. After all, that is the Member Care job description, just being a friend.

In the following days, we prayed about several meetings that he had scheduled. He then sent us a text saying that he will receive a large donation from one of the meetings we had prayed for. We join their rejoicing. Thanks for your help with our ministry as well.

Blessings,

*- Ken & Becky Holderman*
