

RYAN LUTH SERVING IN

# CALIFORNIA

OCTOBER 2022

Dear family and friends,

I hope you are all doing so well! Lena and I wanted to update you on what God has been doing in our ministry over the course of this year as we are into fall of 2022 already!

This year has been incredibly busy for us, so I'd like to first start with an apology for our lack of consistent updates. We've been spending a lot of our time helping Christian Non-Profits/Organizations with video, and especially helping build and grow Share The Struggle to reach more lost individuals through media.

Over the past few months, we've helped create and launch more online courses with Share The Struggle to help people find healing and freedom through Christ with topics like Miscarriage, Shame, Trauma, Loss of a Loved One, and Freedom from Pornography. They're like the Alpha Courses for struggles faced by 99% of people in the church. Each of these courses has taken a lot of hard work, time, and planning to produce, but the end result is so worth it. It's been incredible to see how many individuals have been finding healing and even coming to Christ through this. In addition to this, we've also been able to start providing courses for local churches and other Christian organizations to use with their congregation and small groups. Some of the organizations that have started implementing these courses into their churches and staff have been: Fellowship of Christian Athletes, North Coast Church, CRU, and Light Church. There are so many stories I could tell and incredible things we've seen God do with these already. Here's a quote from one of the users that has gone through the curriculum.

*"These courses gave me a new way to understand anxiety. It taught me about the science behind anxiety, and the different ways it can show up. It helped me see more of God and his truth in the midst of anxiety."*

- Lauren A.

This is just one of so many, and I'd like to share more, but since I only have this one page here, I encourage you to check out their website and see for yourself: <https://www.sharethestruggle.org/>

In addition to our media ministry with Share The Struggle, we are currently producing a training series project for CRU (Campus Crusades for Christ). This has been an absolute blast and has been so exciting to help them and work with their awesome team. The goal is to provide online training for students and volunteers looking to join CRU and minister to others on their campus. We've been developing a 4 part online video training series for their organization that will help equip new volunteers to spread the gospel

on their school campuses. We just finished filming with them and some of their team in Los Angeles last month and are now in the process of editing it all together. I'm very excited to share with you all when it is finished and how God begins to use it when they start implementing it!

It's been great to share with you some of the things God has been doing and what we have been up to in our ministry with video production here in California. I know it's been a while so thank you for taking the time to catch up with us on everything! We are just so grateful for your support in this journey God has had us on. So we pray God's blessing over each and every one of you, and look forward to sharing more soon!

Blessings, **RYAN & LENA LUTH**
