

Merry Christmas

2022

I was home in the states as the New Year began,
What a joy to spend Christmas with family and friends.
I sat on the porch sipping coffee each day,
Feeling my time home, was slipping away.

We were blessed beyond measure by many who gave,
To our vehicle fund and the sacrifice made.
We were able to buy, not just one car, but three,
As each has purpose and each met a need.

The small car for short trips, it saves much on fuel,
The truck is for food, buy supplies, and haul tools.
Then there's the van that has room for the boys,
And we built a garage, where they each can be stored.

Our God is not early, Our God's never late,
After much prayer and waiting, we set our wedding date.
We had worked side by side, for many long years,
Then I married my best friend and we shed a few tears.

We were all very blessed, as Nate came to help,
He worked on our projects till all daylight left.
The boys really loved him as soccer he played,
And will never forget him, a new friend they made.

We lost a dear brother, co-worker, and friend,
And we know he's in heaven where life never ends.
Our hearts are all saddened and miss him we will,
But when you know Jesus, your eternity's sealed.

There are not enough words to tell all we've withstood,
God has blessed us with school fees, clothing, and food.
And we want to say Thank You for all that you gave,
To meet all our needs and to see others saved.

Now our light must shine brighter with each passing day,
And point others to Jesus to show them the way.
In the world there's much darkness, some think all is lost,
But the message of Christmas is the gift of the cross.
