

# THE KING'S HARVEST

DISCIPLE MAKING MOVEMENTS  
CENTRAL MEXICO

Dear friends and family,

How did it get to March 2023 so quickly? We are excitedly seeing growth in the local church plant we help with on Sundays. They are planning a "Dream Team" class to prepare members for serving in a ministry within the church. This is a huge step in the local church becoming self-sufficient.

This month, we have another church to train in Evangelism. The training will coincide with the visit of Time To Revive Texas joining us in mid-March. We are excited to be able to pray over the areas in which we minister and key areas within San Luis Potosí. We are asking the Lord to show us His will for the areas we are looking to go into. Pray for revival and a fire to be lit within the city of San Luis Potosí.

Celebrate with us! We have served in Central Mexico for 5 YEARS with GLOBE INTERNATIONAL! In a country where less than 2% are evangelical, it's important to celebrate the milestones. Join us, plus special guest Scott Brown with Globe Intl. on Thursday, April 6 @ 6 PM CT, as we celebrate and recall the exciting things happening in Central Mexico.

We will be sharing stories/testimonies that got us to this point, plus find out we have been ministering on your behalf, and how you can join us in fulfilling the Great Commission. Please plan to join us. To RSVP use the QR code to your left. Can't make it? We'll email you a recording via the rsvp link as well.

**Praise Reports:** The Children's Spanish Bible fund exceeded our expectations and our goals! With \$505 dollars pledged. We will be able to purchase a few cases of Bibles while we are stateside. Anything above the shipping/handling will go back into the ministry fund for future events. Thank you so much for your generosity!

**Prayer Requests:** The Time To Revive Team will be with us for their first trip of the year. They arrive March 16-19, 2023. Our stateside travels begin April 14th. Prayers are appreciated for travel safety for the TTR Team and our trips, local and beyond. We also need a speedy return of our passports that will be sent in mid-April.

March 2023
