Caring for Missionaries Around the Globe

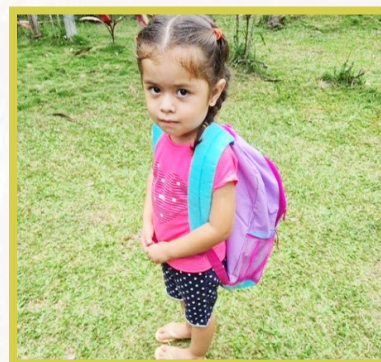

April 2023

## Short-Term Costa Rica Mission Trip

In the beginning of July, we are leading a dozen people from Harvest Community Church on a short-term mission trip to Costa Rica. We will join Globe missionaries Corey and Lindsey Branson and a Costa Rican team from the church they attend. We will travel five hours together to Terraba, an indigenous town in the southern part of Costa Rica, near Panama. In Terraba we will help the local church with a construction project, adding two classrooms to their church building, and helping with a 3-day Vacation Bible School.

Not only is this trip a cross-cultural experience for our American team, it is also a cross-cultural experience for the Costa Rican Christians going with us because we are serving believers from this indigenous tribe who are very different from Costa Ricans. The call to reach every tribe and culture affirms the words of Jesus that “the harvest is great, but the workers are few”. We need our brothers and sisters from Costa Rica to help us reach the world for Christ.

If you would like to help us with an extra donation toward **trip expenses** (\$2,000 per person) or **construction** costs (\$4,000 total for materials) please designate it on the enclosed giving slip or online select **Ministry Support**.

Blessings, - *Ken & Becky Holderman*
