

Chossen Generation

chossen(Hebrew - bridegroom)

April-May 2023

Dear friends, What a month this has been!

We were finally able to have a Kinrick Kids club here at the house! Ryan, Chris and Cassy put together a full, fun filled day for the kids. It was an honour to help with this. It was an all day event where the kids came in and learned all about "coming on board with Jesus". The day was filled with puppets, music with actions, stories of Jesus, crafts, games, and prayer. The children said yes to Jesus and asked Him to be their very best friend.

It was truly a GREAT day!

One of my favourite highlights from the day was during music time. The kids were singing so loud and it filled the room. To me, there is nothing better than children worshiping Jesus. As they worship Him, He pours Himself out onto them. It is so sweet to watch!

Music with actions

Our prayer is that many kids will come to the clubs that are held at the schools. This generation needs to learn about and know the love of their Father. There is so much hardship in this country and our prayer is that they will never forget that Jesus is with them always and He is always there to help them.

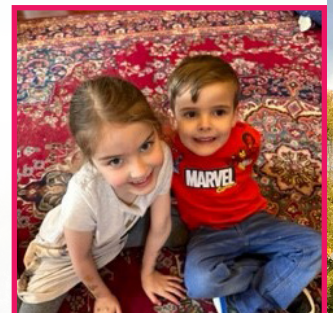

At Kinrick Kids we always have a time of prayer and we always ask the kids, "what is one thing you would like to ask God to help you with OR what is one thing you are thankful for?" One day while we were at the school that I help at - a little girl says, "I am thankful for Kinrick Kids." Upon her saying that; she was asked, why are you thankful for Kinrick Kids? She said, "because I get to be myself, my friends come here, I get to learn about Jesus and you (Chris), Ryan and Jessica are always here to help us." I thought this was the sweetest thing. This particular little girl has gone through a lot and she is only nine years old. When she first started coming to the school a little over a year ago, she had been asking God to heal her mom of cancer. This would be her prayer every week. Her mom has had cancer and is in need of surgery. BUT!!! A couple weeks ago, she came in and said that the doctors think that her mom is cancer free AND she doesn't need the surgery!!! How good is God!!? Not only does she know God listens to our prayers but she also knows that He hears our prayers!!!! We are so very excited!!! And we continue to pray that her mom stays cancer free for the rest of her life!

Craft time

Game time!

Brother and sister

Another answered prayer is, just over a week ago we were playing a game and I was sitting on the bench waiting for kids to come join me when they got "out" in the game. And this little girl who is 6 came and sat down beside me and says, "I am praying for my friend that she will win!!" I said, "you are?" She said, "YEP!" She was rather confident that her friend was going to win. Well, what do you know, the game got down to the last two people and her friend WON the game and the little girl turns towards me and says, "See! I prayed and she won! I knew it would work!" I thought this was so funny and sweet! God cares about the littlest of details in our lives and He wanted to show her that He was listening. I cannot wait to share with you, more stories just like this!

God is amazing and He is doing great things here. Thank you so much for your continued prayers and support! YOU bless me and those whom I work with!

- Jessica Tomlinson
