The Gutierrez

June 2023

Your extended ministry in Mexico through the Gutierrez's family.

Dear collaborators and partners in the calling to go and rescue those that are ready and willing to get in Him.

The month of April and May has been super busy and very rewarding. We were able to travel to L.A. area and were with very special partners that have decided to walk with us in the calling. As we were away, things kept going here. Street evangelism and feeding those that are needy and street people, women, and men mostly.

Thank you, dear family that provided for us, what we needed to move around like the Alcaraz family and Bargas, and Peña, and Babe and some others thank you.

The feeding programs in Villas are becoming a pretty stable group already and are growing slowly. These areas are of people are of very low income and at risk of being street kids. We see most of the families are raised and supported by women either moms or grandmas. Sadly, the absence of men in this area is common.

In el Molino, as we progress into a deeper work in families, we noticed the need to get values of wisdom and of the Word in families. They are hungry enough to jump the obstacles of the criticism of neighbors and close families because of the Bible classes and their change of beliefs. The grace and mercy are present in so many of the meetings and we are so thankful to be part of it with them.

The group is growing and is getting a deeper foundation in the Bible. They are applying it to their way of living already. In less than 18 months we are seeing a fruit that remains. Thank you Jesus and you guys.

Street feeding and evangelizing is going on. Who will be the ones responding to the voice of the Lord to come on into the feast? We can see faces of those who are desperate and lost in themselves, alcohol, and other drugs.

The congregation is hungry and going after the sweet presence of our good God. The time of our visitation is coming. We are seeing our teens, youth, and old having Word revelations, dreams, and prophetic moments that are moving us forward faster. For example, a 12-year-old girl had a vision of people staying behind and God and her

crying because of the left behind and she asked why they were left behind and God's answer was "Not their sin, but that they rejected Jesus." This little girl said, "Sir why do you show me this?" and God said "Why do you call me sir, we have walked together your whole life, we are very close." She then said "Daddy, why do you show me this" and He said, "Time is short, we are coming anytime." Are we ready people? Who will keep faith? Who will still hold the Word and commission as the principal way of living? What are we spending the most of our time on? Are we willing to live in what we believe or die because of it? Are we willing to deny ourselves and do something outside of our comfort zones today. It may be a beginning and new start to walk hungry today in what we say we believe. ¡Jesus is coming anytime!

Prayers are so needed and appreciated as we go on to the next steps.

1. For the full payment of the warehouse still over \$140,000.00
2. For the provisions for the feedings and street outreaches.
3. For us to hear the next things to do.
