

THE KING'S HARVEST

DISCIPLE MAKING MOVEMENTS
CENTRAL MEXICO

Dear friends and family,

The long-awaited and much-anticipated passports arrived earlier this month. They took the full 9 weeks to process. Being that the passport services are being inundated with requests, we would suggest that if your passport is 6 months away from expiring, and you have the ability to renew them, you go ahead and send it in as soon as possible to avoid further delays.

We had a fun 4th of July. Having raised the younger children in Mexico, they didn't remember much of the big booming fireworks. So it was an amazing time, as they watched the fireworks light up the sky. There was lots of screaming, many shouts of "Did you see that?", plus lots of oohing and ahhing with everyone else. It was a blessing to spend time with friends and enjoy the patriotic salute to the 4th of July.

Our border crossing was successful this time around. While receiving a green light, we were thanking the Lord that we didn't have to dig through the already heavy-laden truck for the border agents or pay double taxes on our already owned items. We were blessed to bring back some boxes of Time To Revive Bibles and a dishwasher! Yes, we have hooked up a dishwasher which will be a great blessing to our family and when we have short-term teams coming to stay with us.

Throughout our trip, there were many ups and downs, even more blessings, and lots of visits with beloved family and friends. God gave us favor and supplied our every need and along the way a few surprises of things we wanted,

(like a dishwasher) even when we didn't know how it would be possible since the truck was packed to the brim. Clue in a tailgate carrier. PTL! We also attended a mission conference that richly blessed and encouraged us and our children.

We are rested, rejuvenated, and ready to get back to the work of the Lord He has called us to, as we serve the people in Central Mexico.

Praise Reports: Some of our discipleship groups are ready for the next phase in their maturity and growth in the Lord. We couldn't be more excited.

Prayer Requests: We are expanding our prayer walking to include several villages that are in route to where we are currently ministering. Please pray for open hearts and for persons of peace that the Lord will draw to Himself.
