

# Chossen Generation

chossen(Hebrew - bridegroom)

Aug - Sept 2023

Dear friends and family,

This month has been fun and wild! As summer is soon to be coming to an end, I have been thinking about a few things that need done - like cutting Helen's grass again. So, I started with that. Paul and I went back out and cut her grass along with trimming her hedges. It was lots of fun! I haven't trimmed hedges since I was quite young. Paul said that it was kinda like riding a bike. Well, he was right! Muscle memory came to the rescue and we were quite proud of all the work we got done for her. Paul will cut the grass one more time within the next few weeks and I think that will be all that's needed for the fall and winter. I am really thankful that Paul and I have been able to do this for Helen.

Helping the team paint

Painting the first coat of grey

Also, as promised, I said I would share about the second team from America that came and helped out around Overtoun House. They were amazing!! There were ten people on this team and they were able to get so much work done in one week. Literally every time you turned around, they were finishing another job! They were such a blessing to have and to get to know.

They were able to build an internal wall in the main hall/worship room in the basement, they remodelled two rooms; painted, put flooring down, patched holes, and so much more. They also were able to do a bit of work outside as well. They were great!!

It is always so nice making new friendships and connections.

I am excited to announce that Kinrick kids will be starting back up in one month! We are so excited for this! This summer has both flown by and yet seems like forever since we have been able to see the children. So, we are very excited to get back in the schools and start up the weekly clubs. I am looking forward to sharing with you all that God has been doing as we go into this next school year.

Oh, another fun thing I was able to do is cut and highlight Helen's hair again. We had lots of fun and we always enjoy catching up and spending time together. We were both very happy with the outcome. Phew! Anything can happen when you aren't properly trained. Haha I do enjoy colouring and cutting hair though. I cut a few of my friends' hair too. It's a side hobby!

Thank you all for your continued prayers and support. You are all a wonderful blessing to me! May the Lord bless and keep each one of you.

Helens new hair colour and cut
