EPHESIANS 6:10-18

THE GUTIERREZ

What we do, have been doing, and in Him will keep doing. SEPT-OCT 2023

To you, our collaborators, family, and friends:

We have walked for many years together helping the blind, the hurt, the hungry, the hopeless, the lost in sin to get them the solution they need. We have been here for over 35 years serving our community with these goodies and you made it so much easier. We thank you from the deepest of our hearts.

We made no reservations for us in what we will do tomorrow, our time in life, retirement, and things like that. But God is faithful. We do still have time to do ministry here for at least 5-7 years at the pace we are moving. Our job and assignment are to make disciples that would make disciples. It has worked and we have established solid foundations in families that some are doing that in 4 different states in Mexico. Church planters and discipleship that will produce disciples, not a phase but a task being done, slowly but surely, here over 35 years.

We have right now 3 different evangelistic areas with the focus on hunting, to reach those lost without Jesus. Our congregation is over 90% of people we reached from non-Christian backgrounds to know Jesus.

1. Feeding kids program in "Villas de San Agustin"
2. Feeding kids and adults at "El Molino" thinking of planting a Church there. It's a 25 min drive away from where we are.
3. Street feeding programs for all, but mostly alcoholics and druggies and street people. These events are going on once a week mostly Saturdays.
4. School of ministry disciple-making and our Bible doctrine
5. Friday Bible School, focuses on going deeper in the Bible and it's purpose and the ultimate authority for us as the Word of God.
6. Services on Thursdays and Sundays focus on seeking the face of God mostly and having people experience the anointing and the power of God in the family's safe surroundings.

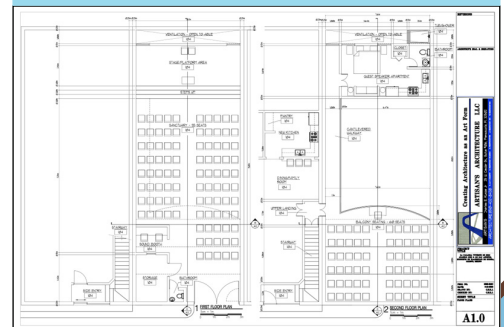

New believers in El Molino on Sept 16th, 2023. There are 5 more that did not get pictures taken

We are going to be celebrating for the first time our anniversary of 35 years of ministry in this area of Tlajomulco.

We are keeping on doing what we were called to do for our communities. Church families have grown to be a great tool in our area. The Christian church has influenced in all areas like never before these last 10 years.

We are praying that we can see what the Lord has placed in our hearts to do here and get established to stay... we hear of people who go for a year and get things rolling that started but don't stay. For us it has been these many years, and we are willing to go further still...

The rebuilding project for warehouse, once paid off.

CONTINUED >

Will you help us go further?

We are asking for thirty people, or families that would be willing to give and donate within 3- or 4-months' time for a \$2000.00 dollars one-time gift for warehouse payment. Will you join us in it? Or maybe you can be an advocate for us and help us find one that would be one of those 30 donors.

Please pray and let us know even if it a NO at this time. It would help us to know that. You have shared so much already with us and we are very thankful for your faithfulness.

Street evangelism two weeks ago and today Sept 16th, 2023

We are so grateful to have you, our partners, walking with us fulfilling the great commission to go reach the lost in sin without Jesus's love and salvation. We have learned that "some give, others go and together we fulfill the great commission."

Still on the race - till we finish well the task in the name of Jesus! Thank you for making us smile as we go on to do what we were called by God to do.

Serving Jesus with gratitude and commitment,

– Jorge & Rosa Gutierrez

Please pray for us as we close this year for:

1. Our ministry's 35th anniversary that we decided to celebrate for the first time. It will be the Lord's willing, Dec 10, 2023.
2. The finances for the full payment of the warehouse within 4 months.
3. The finances for the month of December for outreaches and feeding programs gifts and special meals for the three different ones.
4. That we hear the next steps and the new church that would be planted and the ones to start there.
