

NEWS FROM THE HOLDERMANS

Caring for Missionaries Around the Globe October 2023

Globe Connections

In-person connections are the best connections. Whether we meet with new Globe missionaries (above) or if we gather as a Member Care team (below) we build relationships that help us work better together.

During the last week in September, we drove to Pensacola to participate in "Capstone" to commission new missionaries. Olivia and Malachi (left) are living in Nepal with her husband, Samir. Lauren (lower left) is married to Vanya, a Ukrainian, but he could not attend.

Right after Capstone, we attended a Member Care Retreat with Dr. Andy Yarborough, a Christian psychologist, (lower right) who continues to train our team in ways to understand and care for our missionaries.

Thank you for your continued support of our ministry.

Blessings on the journey,

- Ken & Becky Holderman
