

Merry Christmas

from Challenge Farm
Kitale, Kenya

Thank You for supporting us!

Kenya has a favorable climate for growing watermelons ~ lots of sunlight and water! Watermelons are native to Kenya. In many towns, families earn a living selling the melons.

At the Farm, we're committed to helping these precious Kenyan children grow and be all that God has created them to be. Thank YOU for helping us provide such great opportunities for them! Your faithful gifts are helping to plant seeds of hope in each of their hearts. And we're praying for a good harvest!
