

JUDY UBICO HERNANDEZ

Serving in Guatemala

Well happy new year my dear friends and those who follow our mission outreach Alfa y Omega here in Guatemala. Trusting your Christmas and New Year was blessed and off and running to this January 2024.

I must thank you all who gave to our Christmas presents fund for our children who attend AyO. As we have been many years sharing gifts to our students this celebration of Christ's birth is one of the highlights of our school year. As I have mentioned, there are many of our kiddos who will not be receiving any presents on Christmas Day. So with your gift, you it made possible for us to buy and give beautiful blankets to everyone. This is something that everyone really looks forward to year after year. Thank you and blessings.

Now to get into what is going on so far here with AyO Christian school. We already have 1000 students signed up for 2024 and more coming every day. We opened on January 2, for our office and teaching staff to get the classrooms ready and teachers assigned to all the grades. Every nook and cranny of our school has been painted inside and out with our school colors (shades of green), new bright colors with which to greet our children. We do this overhaul year after year as I feel I want each child and the parents to feel how very special they are to us; thus, we greet them with everything fresh, clean and new. As God receives us.

Love and blessings to you all my dear friends.

Judy Hernandez
